

Ahmad K. Ahmad

Professor of Physics, Al Nahrain University

physics
electron optics
photonics
plasma

	All	Since 2015
Citations	92	63
<u>h-index</u>	6	5
i10-index	1	0

TITLE	CITED BY	YEAR
Cavity model analysis of rectangular microstrip antenna operating in TM_{03} mode AA Mohammad, H Subhi, AK Ahmad, SM Juma 2006 2nd International Conference on Information & Communication ...	16	2006
Influence of optical feedback strength and semiconductor laser coherence on chaos communications BM Al Bayati, AK Ahmad, KAM Al Naimee JOSA B 35 (4), 918-925	9	2018
Investigation of material specifications changes during laser tube bending and its influence on the modification and optimization of analytical modeling AKA Khalil Ibraheem Imhan, B.T.H.T. Baharudin , Azmi Zakaria , Mohd Idris ... Optics and Laser Technology 95, 151-156	8	2017
New design and construction of high-voltage high-current pseudospark switch KH Lateef, BH Hamad, AK Ahmad IEEE Transactions on Plasma Science 43 (2), 625-628	8	2014
Bandwidth enhancement of stacked rectangular microstrip patch antenna AA Mohammad, H Subhi, AK Ahmad, SM Juma 2006 7th International Symposium on Antennas, Propagation & EM Theory, 1-13	7	2006
Improve the material absorption of light and enhance the laser tube bending process utilizing laser softening heat treatment KI Imhan, B Baharudin, A Zakaria, MISB Ismail, NMH Alsabti, AK Ahmad Optics & Laser Technology 99, 15-18	6	2018
The rule of bias current of semiconductor laser in chaos communications KAAN Y.Th. Younis a,b, Salam K. Musa c, S.F. Abdalah b, Ahmad K. Ahmed d, R ... Results in Physics 6, 243-251	6	2016
Calculation of Acousto-Optic Figure of Merit for Some of Oxide Crystals MFM Ahmad K. Ahmad International Journal of Optics and Applications 6 (1), 1-6	6	2016
Cavity model analysis of rectangular microstrip antenna AK Ahmad, SM Juma IEEE Trans., February	5	2006
Design of a multi-electrode immersion lens for ion-optical systems FAJ Almoudarris, SM Jumaa, AK Ahmad Iraqi Journal of Applied Physics 2 (1-2), 27-30	4	2006
Some Optical Properties of an Electrostatic Immersion Lens Using the Charge Density Method BH Hamad, AK Ahmad, SM Juma Iraqi J. of Applied Physics 1 (3), 21-27	3	2005

TITLE	CITED BY	YEAR
An analytical and experimental investigation of average laser power and angular scanning speed effects on laser tube bending process KI Imhan, B Baharudin, A Zakaria, NMH Alsabti, AK Ahmad MATEC Web of Conferences 95, 05008	2	2017
Pseudo-spark switch (PSS) characteristics under different operation conditions BH Hamad, KH Lateef, AK Ahmad Physics of Plasmas 23 (8), 083528	2	2016
Synchronization in Optically Coupled Chaotic Systems by Optical Feedback YT Younis, SK Mousa, SF Abdalla, AK Ahmed, R Meucci, KM Jameel, ... Iraqi Journal of Applied Physica 12 (1), 11-16	2	2016
Computer aided design of an electrostatic FIB system AK Ahmad, SM Juma, AA Al-Tabbakh Indian Journal of Physics 76, 711-714	2	2002
Features of Laser Tube Bending processing based on Laser Forming: A Review NMHAAKA Khalil Ibraheem Imhan, Baharudin BTHT , Azmi Zakaria, Mohd Idris ... J Laser Opt Photonics 5 (1), 1000174	1 *	2018
Computer Aided Design of a Magnetic Lens Using a Combined Dynamic Programming and Artificial Intelligence Technique AK Ahmad, FA Ali, AA Al-Tabbak, SM Juma Iraqi Journal of Applied Physics 10 (1), 33-37	1	2014
Computational Optimization of the Radial and Spiral Distortion Aberration Coefficients of Magnetic Deflector OA Hussein, RT Abdulla, AK Ahmad Baghdad Science Journal 10 (2), 472-479	1	2013
DESIGN OF AN ELECTROSTATIC IMMERSION LENS USING THE CHARGE DENSITY METHOD AK Ahmad, KK Ajeel, BH Hamad Al-Nahrain Journal of Science 13 (1), 60-68	1	2010
A Mathematical Model that Describes the Densification Process during the Sintering of Ceramic Compacts AK Ahmad, FA Rasen, SA Fadhil Iraqi Journal of Applied Physics 4 (2), 11-17	1	2008
